your business

After years of research and development, RedBack are Proud to announce the release of the revolutionary Chef Grip™ technology range of Hospitality footwear designed for comfort and safety when spending hours on your feet, on wet or slippery floors.

Featuring the amazingly innovation Chef Grip™ Technology sole it's hard enough remembering the "Specials of the Day" and to always give that service with a smile but it is even harder when your feet are killing you.

Long hours in a kitchen, behind a bar, espresso machine or serving tables takes its toll. Whether you're a chef, barista, concierge or waiter, one thing you all have in common, is spending long punishing hours on your feet.

You wanted something that looks good, gives you comfort and support for hours, with the protection of a work boot, The style of a dress shoe, plus the fit of an athletic shoe.
